Professional Material Mixers from Benner-Nawman

Getting The Right Tool For The Job

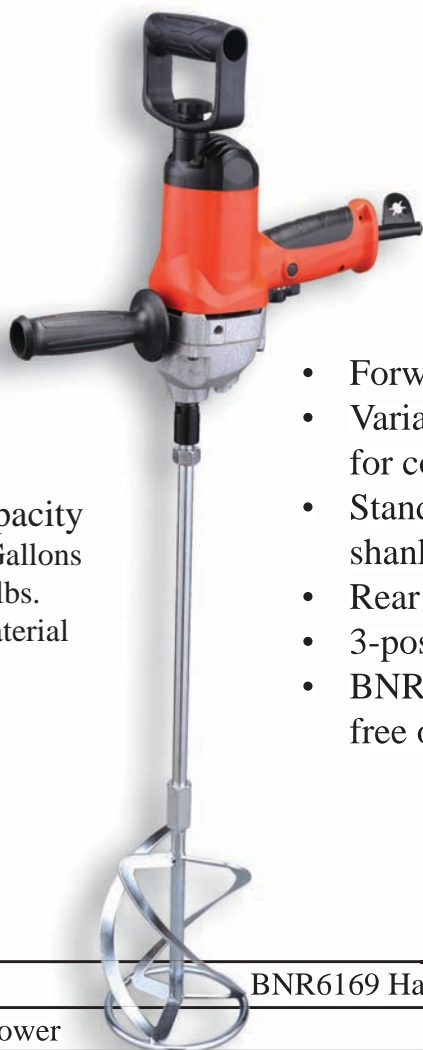

From low-viscosity paints to high-viscosity mortars we have a mixer to get your job done quicker, safer and easier than a conventional 1/2" drill motor. It will also save time and money. When mixing high-viscosity materials you will replace a standard 1/2" drill motor 3-4 times before replacing one of our BN professional hand held paddle mixers and you will get the job done 30-40% faster!
