## SIERRA

### PORTABLE GASOLINE GENERATORS

COMMERCIAL GRADE

Versatility, Reliability And Powerful Performance

The GMC Trademark is used under license from the General Motor Corporation. California Air Tools Inc. is the distributor of the GMC Portable Gasoline Generators, Air Compressors and Pressure Washers.

California Air Tools, Inc.  
8560 Siempre Viva Road , Unit 3A San Diego, California 92154

Tel: (866) 409-4581 Fax (619) 424-8697 [www.GMCGENERATORS.com](http://www.GMCGENERATORS.com)

All GMC SIERRA Portable Gasoline Generators (Commercial Grade) are designed for High Performance and Reliability.

GMC Portable Gasoline Generators have More Standard Features than any other portable gasoline generator in the industry.

**NEW**

Advance Control Panel (With Expanded Features)

**Low Oil Shut Off System**

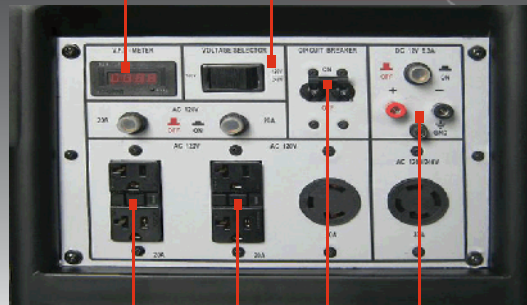

The low oil shut off System is designed to prevent the engine from being damaged because of the lack of oil in the crankcase

**Digital Voltage and Time Meter**

Easier to read and monitor the voltage and schedule time for maintenance.

**Voltage Power Selection Switch**

Allows you to choose between using both 120 and 240 Volts or 120 Volts only

**Ground Fault Circuit Interrupter (GFCI)**

For the prevention of electrical shock

**Circuit Protector and Circuit Breakers**

Prevents damaged to the generator, tools and appliances if overloaded

**12 Volt DC Battery Charging**

12 Volt DC battery charging capabilities for external battery charging

**GMC**

**SIERRA**

COMMERCIAL GRADE

**NEW**

Heavy Duty Steel Constructed frame Cart

Locking fold down handles

7.4 Gallon Steel Fuel Tank

**NEW**

Total Harmonic Distortion Less Than 5%

Allows for Sensitive Electrical Equipment to be used without damage

The GMC SIERRA Portable Gasoline Generators (Commercial Grade )

Feature Overhead Cam engines designed for high performance in low to medium-duty applications.

These engines provide reliable starts and durability for professional use.

- Dual Ball Bearing Crankshaft offers maximum stability under demanding loads.
- Chain-driven overhead cam design offers superior power and performance with an automatic decompression system
- Automatic decompression system ensures quick and easy, one-pull starting
- Heavy-duty piston rings coupled with a cast-iron cylinder liner resist wear and ensure a long engine life

Generator	
Model	SIERRA 4800
Rated Output	4000 Watts
Maximum Output	4800 Watts
Frequency	60 Hz
Voltage	120/240 Volts
Rated Amps 120/240	33.4/16.7 amps
Engine	
Engine Type	Subaru - EX30
Horsepower	9.5hp
Engine Speed (RPM)	3600rpm
Displacement	287cc
Compression Ratio	8.3:1
Fuel	Gasoline
Cooling System	Forced Air
Fuel Tank Capacity/Run time	7.4 Gal / 14hrs @ 50% load
Engine Oil Capacity	0.32 oz (1 L)
Spark Plug Type	NGK BR6HS
Features	
Starting: Recoil	Recoil
Automatic Idle Control	N/A
Low Oil Shut Off System	Yes
Digital Voltage, Frequency & Hour Meter	Digital Voltage, Frequency & Hour Meter
Voltage Power Selection Switch 120/240	Yes
Ground Fault Circuit Interrupter (G.F.C.I.)	Yes
Sky Hook	N/A
Fuel Gauge	Yes
Spark Arrestor	Yes
Alternator	Brush
Dimensions	
Length	32.8 inches / 835mm
Width	29.1 inches / 740mm
Height	28 inches / 710mm
Dry Weight	168.6 lbs / 76.5Kg
Tires	10 inch
Noise Level	80dB @ 23 ft / 7 meters
Battery Included/Type	N/A
Comes Complete with	2 Wheels, 2 Stands, 2 Handles
Limited Warranty (generator components)	3 Year
Limited Warranty (engine)	3 Year
Limited Warranty (commercial/rental use)	3 Year
