GMC[®]

YUKON

PORTABLE GASOLINE GENERATORS

Versatility, Reliability And Powerful Performance

All GMC YUKON Portable Gasoline Generators are designed for High Performance and Reliability.

GMC Portable Gasoline Generators have More Standard Features than any other portable gasoline generator in the industry.

GMC YUKON

The GMC YUKON Portable Gasoline Generators Feature Overhead Horizontal Cylinder Engines. These engines were developed to provide the performance and durability needed for a variety of power applications.

NEW

Advance Control Panel (With Expanded Features)

Voltage Power Selection Switch

Allows you to choose between using both 120 and 240 Volts or 120 Volts only

Oil Alarm System

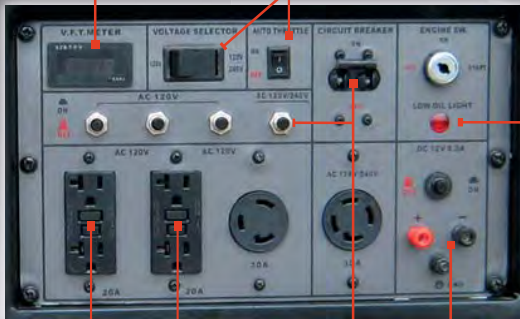

The Oil Alarm System is designed to prevent the engine from being damaged because of the lack of oil in the crankcase

Digital Voltage and Time Meter

Easier to read and monitor the voltage and schedule time for maintenance.

Auto Throttle

Allows the engine to throttle down when not in full operation. Reduces Noise, Odors, Fuel Consumption and Wear on the engine

Ground Fault Circuit Interrupter (GFCI)

For the prevention of electrical shock

Circuit Protector and Circuit Breakers

Prevents damaged to the generator, tools and appliances if overloaded

12 Volt DC Battery Charging

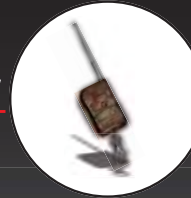

12 Volt DC battery charging capabilities for external battery charging

NEW

Wireless Remote Starter

Allows you to be 164 feet away from your generator and Remotely turn on and off your generator

— Durable 4-stroke, Air Cool, OHV single cylinder engine.

— Advance compact designed for low fuel consumption and convenient access for maintenance.

NEW

Locking fold down handles

Heavy Duty Steel Constructed frame Cart

6.6 Gallon Steel Fuel Tank

Total Harmonic Distortion Less Than 5%
Allows for Sensitive Electrical Equipment to be used without damage

NEW

Sky hook

Allows easy movement and transport of generator to above ground locations

Generator	
Model	YUKON 6000
Rated Output	5500 Watts
Maximum Output	6000 Watts
Frequency	60 Hz
Voltage	120/240 Volts
Rated Amps 120/240	44/23 amps
Engine	
Horsepower	13 hp
Engine Speed (RPM)	3600 rpm
Displacement	389 cc
Compression Ratio	8.3:1
Fuel	Gasoline
Cooling System	Forced Air
Fuel Tank Capacity/Run time	6.6Gal / 10.5hrs @ 50% load
Engine Oil Capacity	1.1 L (1.2 qt)
Spark Plug Type	LD - F7TC
Features	
Starting: Remote or Electric or Recoil	Remote or Electric or Recoil
Automatic Idle Control	Yes
Oil Alarm	Yes
Digital Voltage, Frequency & Hour Meter	Digital Voltage, Frequency & Hour Meter
Voltage Power Selection Switch 120/240	Yes
Ground Fault Circuit Interrupter (G.F.C.I.)	Yes
Sky Hook	Yes
Fuel Gauge	Yes
Spark Arrestor	Yes
Alternator	Brush
Dimensions	
Length	35.4 inches / 900mm
Width	30.3 inches / 770mm
Height	30.9 inches / 786mm
Dry Weight	225 lbs / 102 kg
Tires	10 inch
Noise Level	84dB @ 23 ft / 7 meters
Battery Included/ Type	No/12V
Comes Complete with	2 Wheels, 2 Stands, 2 Handles, 1 Sky hook, Battery Cage, Remote
Limited Warranty (generator components)	2 Years
Limited Warranty (engine)	2 Years
Limited Warranty (commercial/rental use)	1 Year
