

BN Products “Tiger Tier” Compact Cordless Rebar Tying Tool

BNT-40X

- > Ties up to #6 x #6 (3/4" x 3/4") rebar
- > Lightweight and compact design with glove friendly grip
- > New long-life rigid nose piece
- > High performance Lithium-Ion battery
- > Brushless twisting motor
- > Reduced tying time
- > 5 tension adjustment settings
- > Simple one-handed operation
- > Includes tying tool with (2) batteries, battery charger and (4) spools of wire and in a hard plastic carrying case
- > 1 Year Warranty

Model No.	BNT-40X
Max Tying Capacity	#6 (3/4", 20 mm) x #6 (3/4", 20 mm)
Battery	DC 18V Li-Ion
Length of Wire per Tie	31"
Turns per Tie	3 wraps
Ties per Coil	up to 128
Ties per Battery	up to 5,000
Wire Size	21 ga
Compatible w/ Max wire?	Yes
Use with epoxy coated wire?	No
Dimensions (LxWxH)	11.22" x 3.94" x 11.65"
Weight	4.85 lbs
Warranty	1 Year

What's New With the Next Generation BNT-40X Tiger Tier?

- New higher capacity battery (18V)... over 5,000 ties per charge
- New slide in battery design to eliminate batteries falling out (safety)
- New Belt Clip that can be installed on either side of the tool
- New handle design that fits a hand wearing a glove
- New trigger design that is both stronger and able to use with a glove
- New electronic port on the back to accept the new arm extension
- New arm extension that has an electronic activation button for easy tying of mats
- New tension setting to make a tighter tie
- New On/Off switch that is stronger and placed where it is more protected
- New stronger side door design for easy loading of wire
- New wire door lock that is protected from breaking
- New stronger motors that are brushless and designed for longer life
- New sealed feeding motor to prevent foreign materials from getting inside
- New twisting motor that is faster and designed to make a smaller tie bow
- Slightly larger case with raceways to help in servicing and protecting wiring
- New stronger wiring connectors for easy "plug and play" servicing
- New brake system that does not conflict with patents of other manufacturers
- New stronger feeding gears that will last for over 500,000 ties
- New CNC-machined nose piece that significantly reduces wire misfeeds
- New designed wire twisting unit that is solid state and easy to service
- New wire cutter designed for longer life
- New designed PCB's with plug outlets that are stronger
